## PERMISSION/COMMITMENT

Holy Family School 7<sup>th</sup> and 8<sup>th</sup> grade students volunteering to produce the Holy Family yearbook will meet after school in the computer lab from 3:00pm - 4:30pm on the specific Thursdays. A schedule of meeting dates will be distributed at the first meeting. Students may be asked to do some work outside the meetings (i.e. or design submission). Any student involved with this after-school activity is expected to follow Holy Family School behavior expectations and follow the meeting guidelines distributed at the first meeting. Students are to turn in and adhere to the “electronic acceptable use” form found in the Holy Family handbook. If a meeting has to be cancelled (i.e. computer lab problem or schedule conflict) you will be notified as soon as possible.

Please sign this permission/commitment form and return to the yearbook advisors, Gia Villaluna and Gail Hermano via the school office at our next meeting.

Like any after-school activity, yearbook involves a time commitment and we need everyone’s help to complete each section of the book by the printer’s deadlines. Please note that if a student misses too many meetings without a valid excuse, he/she will be off the yearbook team. Students may not sign in and then leave.
