## Summer Program 2017

June 26 - July 20, 2017

Grades K - 5

## Summer Program Information

- Summer Session runs June 26 through July 20, 2017
- Mondays through Thursdays
- No classes on July 4th
- Courses are available to students entering grades K-5 in Fall 2017

### DAILY SCHEDULE

7:30am -	8:00am	Morning Drop Off
8:00am -	8:30am	Morning Activity - Rise and Shine
8:30am -	10:00am	Period One
10:00am -	10:15am	Snack
10:15am -	11:45am	Period Two
11:45am -	12:30pm	Lunch
12:30pm -	2:00pm	Period Three
2:00pm -	6:00pm	Extended Care

### CONTACT US

Holy Family School  
1301 Rollin Street  
South Pasadena, CA 91030  
(626) 799-4354

### Rise and Shine

Join us each morning to rise and shine with prayer, songs and more!

There is no charge associated with the morning activity.

### Lunch and Snack

Lunch is not provided. Students should bring lunch and snacks to school each day.

## Summer Program Information

### REGISTRATION

- Registration deadline is April 30, 2017
- Enrollment during registration is on a first-come first-served basis
- Classes close when they reach maximum enrollment
- Students may enroll in 1-3 courses
- Please be sure students are enrolled in consecutive classes when registering for more than one period
- Grade level refers to the grade student will be entering Fall 2017

### TUITION AND FEES

- Tuition is \$250 per 4-week course (Includes materials)
- Kindergarten Readiness Course is \$500 (Periods One and Two)
- Payment of summer tuition is due at the time of registration
- No partial payments or refunds will be given for days missed
- Extended Care is available for Additional Fee

### EXTENDED CARE

- Extended Care hours: 2:00 pm – 6:00 pm
- Extended Care is available for all Summer Program 2017 children (grades K-5) who remain on campus after their Period 3 course
- Fees are \$250 per 4-week session
- Late Fees: \$5.00 plus \$1 per minute after closing

## Period One Courses

8:30 am - 10:00 am, Mondays - Thursdays, June 26-July 20, 2017

### Kindergarten Readiness (to cover periods one and two) Mrs. Brenda Ascencio and Mrs. Heidi Sicka

Grade

K

Kindergarten Readiness Program will provide students with the opportunity to receive support in making the transition from preschool to Kindergarten. Throughout this course, the students will participate in activities that will help foster the academic skills necessary for a successful experience in Kindergarten. The key components that will be focused on are social development, phonological awareness, print knowledge, mathematics, and science. This course also provides the students with opportunities to get accustomed to the Kindergarten routines and expectations.

### Math and Language Arts Proficiency (Grades 1 and 2) Ms. Carrie Levin

Grades

1-2

This proficiency course will focus on the academic skills within the subjects of math and language arts. In mathematics, the students will focus on place, value, learning strategies of addition and subtraction (sharpening their basic facts skills!), introduction to word problems, and many more topics. In language arts, the students will work on their reading skills, phonics, reading comprehension, and creative writing. This course will be a great chance to sharpen their skills, review concepts, and get a little jumpstart on their new grade level work!

### Math and Language Arts Proficiency (Grades 3 and 4) Ms. Cindy Herrera

Grades

3-4

For mathematics, students will be learning different strategies to support them with Common Core Math Standard algorithms. Utilizing a Cognitively-Guided Instruction (CGI) approach, students will utilize given resources to learn how to break down numbers via multiplication and division equations. Students will also be exposed to extensive real life word problems that will engage them with the application of these strategies to better their understanding that there are different ways to get to an answer. This will eventually lead them to master standard algorithms. For language arts, students will be challenged to create their own narratives, and become exposed to expository writing. They will also be revising their own work to help them understand the mechanics or grammar of the English language.

### Reading and Writing Proficiency (Grade 5) Mr. Joseph Gerpe

Grade

5

This course is designed to evaluate the level of the students' reading and writing abilities in relation to the requirements set down by the California State Standards. The children will be required to demonstrate the skills needed to excel in the core subject of English Language Arts. These skills include, but are not limited to, reading comprehension, text analysis, and writing production and distribution.

## Period One Courses

8:30 am - 10:00 am, Mondays - Thursdays, June 26-July 20, 2017

### Visual Art (Grades 3-5) Ms. Erin Arnold

This course will allow students many opportunities for creative expression and exploration through visual art media. Students will develop drawing and painting techniques through the study of line, space, value, color, form and composition. Incorporation of digital tools including iPads, desktop computers, printers and projectors will enhance students' creative image-making.

Grades  
**3-5**

### Hands on Science (Grades 1-3) Ms. Ericka Giordano

In this course, children will be turned into scientists! These scientists will explore the simple science behind air, water, materials, the human body, and more. There will be quick and easy experiments and crafts, using household items, to get these young scientists' wheels turning and make science pure fun. Science is everywhere!

Grades  
**1-3**

### Study Skills (Grades 3-5) Ms. Sandra Arevalo

Students will learn great study habits that will help them stay on task, be organized and ready for the upcoming year. Different strategies will be introduced and used to help them develop necessary skills to succeed in the classroom. Students will be engaged and will be learning in a fun environment.

Grades  
**3-5**

**\* Instructors and courses may be subject to change at the discretion of the administration. Parents will be notified of any changes in advance.**

## Period Two Courses

10:15 am - 11:45 am, Mondays - Thursdays, June 26-July 20, 2017

**Kindergarten Readiness (to cover periods one and two) Mrs. Brenda Ascencio and Mrs. Heidi Sicka**

**\*Please see course description on the Period One Courses page.**

**Plots, Props, and Performance! (Grades 1-3) Ms. Carrie Levin**

Grades

1-3

This course will provide students the opportunity to improve reading fluency and comprehension through dramatic presentation of written work in script form. Reader's Theater will help the children to explore reading through their voice, imagination, facial expressions, and creativity. They will bring the stories to life through body movement, prop building and costume making (both with paper and arts and crafts materials). Reader's Theater Scripts are adapted from grade level books and other sources, giving the students essential practice in oral reading fluency and public speaking. The scripts also provide an opportunity for group interaction and student cooperation. Come and let your acting bug shine in this very interactive Reader's Theater course.

**Art (Grades 1-3) Ms. Sandra Arevalo**

Grades

1-3

Students will be learning the elements of art while learning vocabulary that is meaningful, useful and fun. Students will have hands-on experiences on the elements that will enhance their creativity.

**Hands on Science (Grades 1-3) Ms. Cindy Herrera**

Grades

1-3

For this class, children will become scientists and experiment in a variety of ways according to the Next Generation Science standards. As scientists, they will be exposed to STEM activities that will engage them and have them excited about science. These young scientists will be working with plants, and learning more about the planetary system, the Earth's atmosphere and ecosystems.

## Period Two Courses

10:15 am - 11:45 am, Mondays - Thursdays, June 26-July 20, 2017

### Reader's Theater (Grades 4-5) Mr. Joseph Gerpe

This course is designed to practice and increase students' reading fluency through interactive analysis and individually-established interpretation. Rather than simply reciting words from a text, Readers Theater requires the children to explore the story using their voice, facial expressions, and other forms of body language to develop empathy and understanding. Reading is no longer about the words on the page but about the meaning of the narrative through the eyes of the characters.

Grades

**4-5**

### Visual Art (Grades 4-5) Ms. Erin Arnold

This course will allow students many opportunities for creative expression and exploration through visual art media. Students will develop drawing and painting techniques through the study of line, space, value, color, form and composition. Incorporation of digital tools including iPads, desktop computers, printers and projectors will enhance students' creative image-making.

Grades

**4-5**

### Hands on Science (Grades 4-5) Ms. Ericka Giordano

In this course, children will be turned into scientists! These scientists will explore the simple science behind air, water, materials, the human body, and more. There will be quick and easy experiments and crafts, using household items, to get these young scientists' wheels turning and make science pure fun. Science is everywhere!

Grades

**4-5**

**\* Instructors and courses may be subject to change at the discretion of the administration.  
Parents will be notified of any changes in advance.**

## Period Three Courses

12:30 pm - 2:00 pm, Mondays - Thursdays, June 26-July 20, 2017

### Tech 101 (Grades K-2) Mrs. Brenda Ascencio

Grades

K-2

This course will introduce young students to the amazing world of technology. In a safe and supervised environment, students will explore and create digital content using both iPads and 3-D printers.

### Plots, Props, and Performance! (Grades K-2) Ms. Carrie Levin

Grades

K-2

This course will provide students the opportunity to improve reading skills, fluency, and comprehension through dramatic presentation of written work in script form. Reader's Theater will help the children to explore reading with their voice, imagination, facial expressions, and creativity. We will bring the stories to life through body movement, prop building and costume making (both with paper and arts and crafts materials!). Reader's Theater Scripts are adapted from grade level books and other sources, giving the students essential practice in oral reading fluency and public speaking. The scripts also provide an opportunity for group interaction and student cooperation. Come and let your acting bug shine in this very interactive Reader's Theater course.

### Science with a Bang! (Grades K-2) Ms. Heidi Sicka

Grades

K-2

In order to learn about the world in which they live, children must be given the opportunities to discover the physical properties of objects around them. Our young scientists will be motivated to explore their environment and encouraged to ask how and why things happen while engaging in the process of science. Scientist will learn about science safety, key words and the concept of the day such as air, water, gadgets, and concoctions with take-home projects and daily experiments. Each day, scientists will record their experiences in a journal that will go home with them at the end of the session.

### Art (Grades K-2) Ms. Cindy Herrera

Grades

K-2

As young artists, students will learn how to portray their emotions through art. They will also be exposed to geometric shapes, and how to create art through these shapes. Students will learn how primary colors can be combined to create a wide variety of distinct colors. Students will be able to utilize common items to apply a 3-Dimensional element to their created works of art.

## Period Three Courses

12:30 pm - 2:00 pm, Mondays - Thursdays, June 26-July 20, 2017

### Study Skills (Grades 3-5) Ms. Sandra Arevalo

Students will learn great study habits that will help them stay on task, be organized and ready for the upcoming year. Different strategies will be introduced and used to help them develop necessary skills to succeed in the classroom. Students will be engaged and will be learning in a fun environment.

Grades

**3-5**

### Reader's Theater (Grades 3-5) Mr. Joseph Gerpe

This course is designed to practice and increase students' reading fluency through interactive analyzation and individually established interpretation. Rather than simply reciting words from a text, Readers Theater requires the children to explore the story using their voice, facial expressions, and other forms of body language to develop empathy and understanding. Reading is no longer about the words on the page, but about the meaning of the narrative through the eyes of the characters.

Grades

**3-5**

### Hands on Science (Grades 3-5) Ms. Ericka Giordano

In this course, children will be turned into scientists! These scientists will explore the simple science behind air, water, materials, the human body, and more. There will be quick and easy experiments and crafts, using household items, to get these young scientists' wheels turning and make science pure fun. Science is everywhere!

Grades

**3-5**

### Visual Art (Grades 3-5) Ms. Erin Arnold

This course will allow students many opportunities for creative expression and exploration through visual art media. Students will develop drawing and painting techniques through the study of line, space, value, color, form and composition. Incorporation of digital tools including iPads, desktop computers, printers and projectors will enhance students' creative image-making.

**3-5**

**\* Instructors and courses may be subject to change at the discretion of the administration. Parents will be notified of any changes in advance.**

## Additional Summer Program Information

### Absences

Please call or email the school as soon as possible in the event of an unplanned absence.

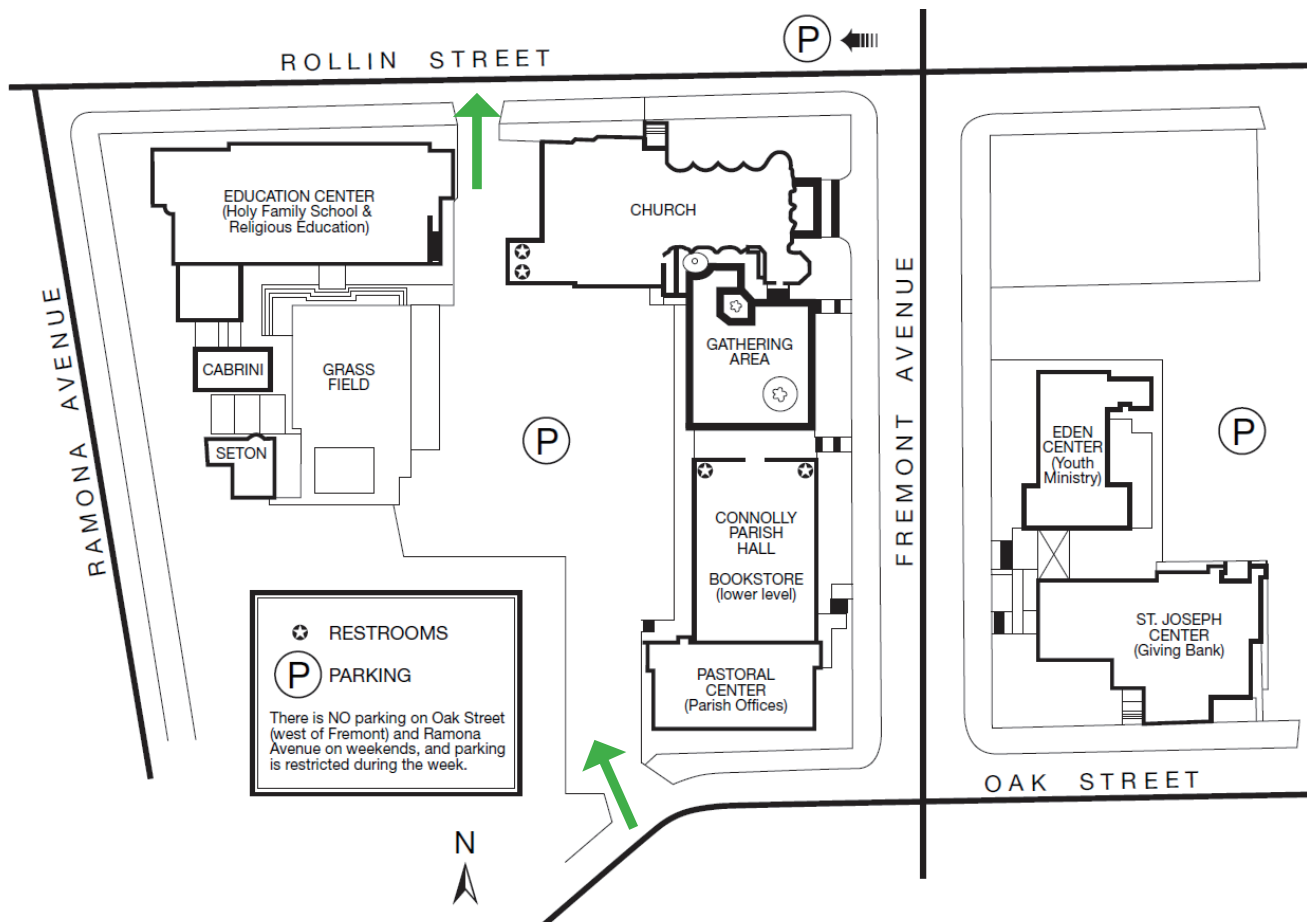

### Behavior

Students are expected to work cooperatively with their teachers and classmates. Students who fail to respect the above guidelines may be subject to dismissal with no tuition refund.

### Drop-Off & Pick up Procedures

Enter the Pastoral Center driveway from Oak Street. Proceed north across the playground. Exit on Rollin Street.

Drop off begins at 7:30am. DO NOT leave your child unattended on the school campus prior to 7:30am.

# Registration Form

Student's Name (First and Last) \_\_\_\_\_

Grade in Fall 2017 \_\_\_\_\_

Period One Course 8:30 am - 10:00 am	Period Two Course 10:15 am - 11:45 am	Period Three Course 12:30 pm - 2:00 pm
First Choice	First Choice	First Choice
Second Choice	Second Choice	Second Choice

Total Number of Courses: \_\_\_\_\_

Tuition is \$250 per course

\*Kindergarten Readiness course is \$500 (two periods)

Extended Care (please check): ☐ \$250 fee

Total Fees: \_\_\_\_\_

Payment due upon registration. Please enclose a check payable to Holy Family School.

Mail your check and completed Registration and Emergency Information forms to:

Holy Family School  
1301 Rollin Street  
South Pasadena, CA 91030

Registration deadline is April 30, 2017.

June 1, 2017 is the last day to cancel and still be eligible to receive a refund.

I have read and understand these policies.
